SLACKER DRIVE POSTPONED FOR SHORT PERIOD

List Believed To Include
Names Of Many Who
Entered Service

EXERCISE CAUTION

Daugherty Gives Opinion
Relative To Publishing
the List.

Washington, April 6.—The army of "slackers" who were due for exposure by the publication of official army records, will receive a further stay probably, because of the belief of officials that there were erroneously included in the list the names of some who served honorably.

Secretary of War Weeks' formal request of the department of justice for an opinion on the legality of making the list public today was given personal consideration by Attorney General Daugherty after conference with Assistant Attorney General Goff. said he doubted that ample authority exists for publication of the lists, in the face of the fact that the lists have been carefully checked by the war department.

He takes the position that while the army authorities have exercised the utmost diligence in verifying the records, there still remains the probability that many names have been included through lack of information of the men enumerated.

"It would be a terrible thing to brand any man on that list as a slacker, if that man gave his services in the war against the enemy," said the attorney general.

"In my state of Ohio and in many other states, young men left the United States, joined Canadian or other allied troops and performed heroic service.

"They may have been killed in action or their whereabouts may not now be known. There is the possibility that many men in that class have unfortunately been placed upon these records. Manifestly it would be unjust in such cases to publish to the world that they had shirked duty to their country in time of war."

Attorney General Daugherty's opinion very frankly expressed, was that the department of justice must proceed with caution before authorizing the publication of the army lists pending a further study of the question.

FIND UNDERGROUND DUMP IN IRELAND

London, April 6.—Three big secret underground ammunition dumps have been discovered in Dublin, according to a dispatch from that city today. Most of the ammunition boxes found bear markings of a Massachusetts firm, it is added, and as a result the authorities are working today on the theory of a system of gun smuggling to Ireland by American sympathizers through isolated ports on the Irish west coast where Sinn Feiners have wireless stations. Clues indicating gun running operations from Germany also are being investigated.

CRUSHING DEFEAT HANDS THE GREEKS

hour gives fresh proof of the crushing defeat which the Greek army has suffered at the hands of the Turkish nationalists. The Greeks were outflanked on their left wing and forced to retreat on the whole line. They are now falling back to their old position east of Brussa their right wing having been withdrawn to Karahissar. The Turks are in hot pursuit of the vanquished Hellenic forces.

MAYOR TO RETAIN OFFICE FOUR YEARS

St. Louis, Mo., April 6.—Henry W. Kiel, Republican, will remain mayor of St. Louis for the next four years. Today his plurality over James W. Byrnes, Democrat, is mounting steadily, upward from 1,000, with about 100 out of 600 precincts to report. In addition to the retention of Kiel as mayor for another term, Tuesday's election also returned large pluralities for each of the Republican candidates for aldermanic office.

ELECTED MAYOR
Rockford, Ill., April 6.—J. Herman Halstrom, socialist, was elected mayor of Rockford at yesterday's elections. Three socialist aldermen were elected.

KNOX PROGRAM FOR PEACE STRENGTHENED BY VIVIANI

Republican Leaders Gratified Over Result Of Envoy's Visit—Resolution Is Simply "Business Propositions" It Is Pointed Out.

Washington, April 6.—Republican leaders of the senate today expressed gratification that the visit of Rene Viviani, former French premier and now envoy to the United States, has resulted in crystallizing the avowed purpose of the majority of Republican senators and representatives to support the Knox resolution for peace with the central powers by congressional resolution.

Discussions Viviani has had with Republican senators regarding the senate's attitude toward both the league of nations and the Knox resolution have left no doubt in his mind, they say as to where the Republican leaders of the senate stand on them.

Some of the senators apparently resent efforts of Viviani as the accredited envoy of the French government, to influence the foreign policy of both the administration and the senate and pointed reference to his activities will be made by his senatorial critics in the senate in the near future.

It has been pointed out to Viviani that the Knox measure is a simple "business proposition," entailing the resumption of American relations with the German and Austrian governments through regular diplomatic channels, as well as ending the still existing technical state of war between the United States and Germany and Austria which is seriously hampering American commercial, business and financial interests.

He has been asked by Republican senators why the United States should be denied the right any longer of having an ambassador at Berlin and consuls throughout Germany, to look after American interests when the duly accredited diplomatic representatives of France are doing business direct with the Germans at Berlin and elsewhere in Germany.

To this he is reported as conceding there is no answer.

Viviani also has been informed that the Knox resolution paves the way for negotiation by the American government of commercial treaties with Germany and Austria and of reciprocal arrangements for the amicable disposition of property of German and Austrian nationals held in this country and of the property of American nationals held in those countries.

How far these negotiations would proceed or how soon they might be undertaken by the state department cannot be determined until the Knox resolution is repassed by congress, approved by President Harding, and then accepted by both Germany and Austria.

But Republican leaders declare they are convinced the Knox measure, as the first step towards re-establishing this country upon a genuine peace basis, will have a salutary effect not only on this country's foreign relations but upon its existing domestic conditions.

Await Appointment of Successor To Col. Elton

Superintendent Of O. S. and S. O. Home Hands in Resignation, Which It Is Thought Will Be Accepted By New Board at Meeting.

Word of the election by the Board of Trustees of the O. S. and S. O. Home, of Sylvester Garver, of Defiance, as Superintendent of that institution and his wife as Chief Matron, was received by Col. J. P. Elton, Wednesday afternoon. Action of the Board was taken at a meeting in Columbus Wednesday afternoon. Information received by Col. Elton said the new Superintendent would arrive at the institution at seven o'clock Wednesday evening.

Captain White of Batavia and Judge Allen of Washington C. H., the only two Civil War Veterans on the board, backed Col. Elton all the way through, and being in the minority on the board now, did not attend the meeting in Columbus. Bernis Brien, the other member who stood by Col. Elton was a Spanish American.

FURTHER INVASION OF GERMANY NOW STRONGLY URGED

Paris, April 6.—Speculation concerning a further invasion of Germany was intensified today by an article from the pen of Raymond Recouly, who urges that if England refuses, France must act alone in seizing the Ruhr basin.

Recouly's utterances are given added weight by the fact that he is an intimate friend of Marshal Foch. He declares the French general staff has prepared plans for such an invasion to the last detail, only two classes having to be mobilized to carry out the seizure of the Ruhr basin with swift success.

"If the government fails to act," writes Recouly, "the chamber will overthrow it, and if the chamber fails in its duty the people will elect a new chamber. Only one guarantee exists within reach of our hands: The Ruhr basin. Its occupation presents some inconveniences, but they are unimportant as compared with the immense advantage we will derive, since the Ruhr basin will place at our disposal the greatest part of the coal and industrial production of Germany."

"Objection probably will be registered by our allies but we must surmount them. England is faced by terrible difficulties on account of the Irish problem and the coal strike."

"She is so short of soldiers that she has asked France to relieve four British battalions in upper Silesia. France will have to bear the military burden of the occupation."

Recouly is the author of "Foch and the war," and has reflected the marshal's views in several interviews.

USE UNDERTAERS AS CLUES WHEN HUNTING HOUSES

Pittsburgh, Pa., April 6.—Housing conditions are so serious in Pittsburgh that some of the undertakers are running a neck and neck race with the real estate dealers as a means of securing flats, houses or bungalows.

SETTLEMENT OF BRITISH STRIKE NOW PROBABLE

Miners Accept Invitation To Another Conference.

HOLD MEETING

Move Does Not Interfere With Session Of Triple Alliance.

London, April 6.—Premier Lloyd George, master conciliator, once more staved off national disaster this afternoon he got both the miners and the mine owners to accept his invitation to a joint conference with him in the hope of bringing them together.

The premier's move which was his answer to a request from the miners' spokesmen for another conference, came when the executive bodies of the triple alliance—miners, transport workers and railroad men—were about to vote on the question of a general strike which would have put a total of more than 3,000,000 workers idle and threatened the very vitals of the British state. The transport workers have already announced their readiness to back the miners to the limit.

As a result of Lloyd George's eleventh hour effort the triple alliance postponed final action.

London, April 6.—An eleventh hour settlement of the great coal strike seemed suddenly possible early this afternoon when the miners organization announced through their spokesman that they had accepted Premier Lloyd George's invitation to hold another conference to discuss a settlement.

This move did not, however, interfere with the meeting of the triple alliance executive committee at Unity House, which was expected to precede the conference with the premier. The miners officials proceeded to Unity House immediately after the announcement.

CALIFORNIA WOMAN MADE QUEEN OF LARGE TERRITORY

Judge By Simple Decree Gives Woman Brazilian Tract.

Oakland, Cal., April 6.—By a simple decree, Superior Judge A. F. St. Sure made Mrs. Ella M. Douglas, an Oakland woman, queen and sole ruler of a domain larger than any European country and located in the heart of the Brazilian jungles along the famous River of Doubt.

The jungle empire was awarded Mrs. Douglas along with an interlocutory decree of divorce from Bruce Vincent Douglas, diplomat, explorer and soldier of fortune. The vast tract was a gift to Douglas from Don Manuel Valdez, whose title came from the queen of Portugal by inheritance.

Douglas was convicted of passing bad checks in New York and was sentenced to short term in Sing Sing, where he is now serving time, according to testimony in court.

Mrs. Douglas will take her maiden name of Ella Marie Bennett and after settling her affairs here will depart for the heart of the jungles where she will be an Amazon queen.

GIVES TOTAL DEBT TO VARIOUS ROADS

Washington, April 6.—The interstate commerce commission today certified to the secretary of the treasury that the government is indebted to various railroads in the following amounts under section 209 of the transportation act of 1920:

Pittsburgh, Cincinnati, Chicago and St. Louis railroad company \$4,000,000; San Antonio and Arkansas Pass Railway Company \$475,000.

ALL THE WORLD LOVES A LOVER

Evanston, Ill., April 6.—"All the world loves a lover," a sage once remarked, but William Dabney, gasoline merchant, is particularly fond of one lover.

This lover and the object of his affections halted at Dabney's petrol parlor and ordered two gallons. The sighing swain tendered a \$20 bill in payment.

"When I came back with \$19.50 in change," Dabney said, "they were a mile down the road. I'll bet that chap don't even remember what he did with that \$19.50 for he was sure interested in the young lady."

ALLEGED PLOT FOR REVOLT IN IRELAND UNEARTHED

Intention Was to Have Outbreak Coincide With Opening Of British Coal Strike—Violence Increasing In Mining Fields

London, April 6.—Revelations of an alleged plot for a revolt in Ireland, originally meant to coincide with the opening of the British coal strike, opened this, the critical day of the kingdom's industrial tie up.

Scotland Yard, it was announced had gathered evidence showing the Sinn Feiners expected the coal strike negotiations to drag along until about April 15, for which date a revolution "on a grand scale" was being prepared.

Ammunition smuggled into Ireland from America notably Massachusetts, and from Germany, it was averred, was being hoarded by the Sinn Fein for the day of the uprising.

Upon the heels of this sensational news came the announcement that the transport workers through their executive committee had declared their enthusiastic readiness to "give all assistance to whatever extent it is needed to help the miners."

President Gosling of the transport workers organization who made the announcement did not specify whether this meant a sympathetic strike. That demands, it was believed, upon a conference this afternoon of the executive bodies of the miners, transport workers and railwaymen. Upon the decision whether there will be a general triple alliance walkout.

Meanwhile violence is increasing in the coal fields some of which have become veritable battlefields. Serious disorders were reported from the Scottish fields, notably at Cowdenbeath in Fife.

At the Hattornig collieries, 400 striking miners armed with hammers steel bars went on a sabotage rampage, smashing property to pieces.

Many casualties were incurred in a battle between strikers and police there. The miners broke through a strong police cordon and repeatedly damaged the lighting plant of the town.

Riots also were reported from many districts in Lanarkshire, where the striking miners renewed their attempts at intimidating the pumping crews. Shots were exchanged in a battle at Hamilton. No details as to casualties are given.

The 10,000 troops which were yesterday reported to have arrived from

MEASURES TAKEN TO END BASEBALL GAMBLING IN OHIO

Seven Arrested In Raids Conducted In City Of Cleveland.

Cleveland, April 6.—Energetic measures to stamp out gambling on baseball in Cleveland, and other cities were taken this morning when two police raids directed by Chief of police Frank W. Smith resulted in the arrest of seven men, against whom charges of promoting a game of chance were lodged, and the seizure of nearly one million baseball pool tickets.

As a result of the raid the police department announced that they had unearthed a new baseball gambling concern with, it is believed, nationwide ramifications, with headquarters in Cleveland.

Among those under arrest, are the assistant cashier of a bank, a printing office manager and a man known to the police as a baseball pool salesman.

The first raid was conducted at a printing shop about midnight. When the police entered they found the presses working printing the pool tickets, it is said. Here more than 500,000 tickets were seized. The second raid was at a Scranton Avenue roadhouse, where more tickets were seized and the alleged leaders of the plan arrested.

London, April 6.—Ex-Empress Charles of Austria, was still "on the way back" at noon today. A dispatch to the Central News from Vienna says the train in which he is returning from Steinamanger, Hungary, to Switzerland, has been held up at Frohleiton owing to trouble on the railway line at Bruck.

The above dispatch shows that the former Austrian ruler is still within more than 200 miles from the Swiss border. Frohleiton is situated in the part of Hungary called Styria, 14 miles from Graz, capital of that province. Both Graz and Bruck are more than 200 miles east of the Swiss frontier.

REVOLVER BATTLE FOLLOWS ATTEMPT TO STEAL WIFE

Thirty Shots Fired In Akron After Fight Starts

Akron, O., April 6.—Charging an attempt to steal his wife, a pistol battle in which more than 30 shots were fired, put three men in the hospital during the night.

According to the witnesses, Joe Comati called at the home of James Carmidi, and demanded that Mrs. Carmidi accompany him, saying: "Your husband no good; you come with me."

James Carmidi is dangerously wounded with a bullet in his stomach. Joe Comati, 42, said to be the aggressor, is shot in the jaw, and Sam Sudano, who charges Comati insulted his wife, is wounded in the leg by a bullet.

A force of police was hurried to the scene and clubs were wielded before the combatants were subdued.

JUMPS FROM BRIDGE TO STREET BELOW

Cleveland, O., April 6.—An unidentified man jumped from the high level bridge and was instantly killed when his body struck the pavement of Merwin street, 75 feet below about 8 o'clock this morning.

Letters addressed to R. Mogozna, 840 London road, were found in his pockets. His body was removed to the morgue for identification.

WILL INAUGURATE FULL TIME SOON

Quakertown, Pa., April 6.—The General Cigar Company, operating two factories here and sixty others in this and other states, today announced that full time will be inaugurated next week. The various plants have operated on reduced time for several months. Several thousand workers are affected.

HENDERSON TO BE DEAN

Columbus, Ohio, April 6.—Prof. W. E. Henderson, Chemistry Department Ohio State University, was elected by University Trustees to be Dean of the College of Arts, Philosophy and Science to succeed Joseph V. Denny who has resigned, effective July 1.

YOUTHS MURDER MAN FOR TRIFLE

Cleveland, O., April 6.—Robert Fischer, 35 was shot and killed, and a small sum, less than \$10 obtained by three youths when they held up a soft drink cafe at 3304 St. Clair Avenue N. E. last night.

Fischer, who was a patron of the place, disregarded an order to hold up his hands.

Following the murder and hold up three made their escape in an automobile.

TWO OHIO MAYORS WILL KEEP JOBS

Columbus, O., April.—That the two Ohio mayors, who were in danger of losing their positions because of failure to enforce dry laws, will not be removed, is the announcement made by State Prohibition Commissioner Parker who explained that the Mayors have launched a prohibition enforcement campaign.

ARREST SUSPECT AT R. R. STATION

Columbus, O., April 6.—Local detectives arrested Frank Galla, 52, Newark, believing he is one of a pair of confidence workers active at the Union station here. Police also believe F. M. Freshley, Athens, lost his watch and \$7 in money matching scheme here with Galla and a confederate.

DUNN BILL NOT TO COME TO VOTE 'TILL THURSDAY

Delay To Number Of Errors In Original Form.

ATTACKS MCCOY BILL

Woman Says Public Sentiment Will Not Support It.

Columbus, O., April 6.—The Dunn bill providing for reorganization of state departments, is not expected to come up for passage in the senate until tomorrow. The delay is due to the discovery of a number of errors in the bill as it passed the house. The Republican senators are scheduled to caucus today with a view to determining their attitude toward the measure.

The senate passed the bill by Senator Brand, Champaign county, levying a state tax of .15 of a mill for weak school districts; the bill by Senator Burke, Lorain, providing for the education of crippled children while in hospitals for treatment and the measure by Senator Jones, Meigs, appropriating \$15,000 for the display and protection of Ohio battle flags used in the recent world war.

Appearing before the senate judiciary committee, Mrs. A. B. Nelles, president of the council of the parent-teacher association of Ohio urged the defeat of the McCoy bill, prohibiting the showing of motion pictures showing crime scenes.

Urging strict enforcement of existing laws and regulation by parents of the attendance of children at movies, she said public sentiment will not support the McCoy bill and that it cannot be enforced.

J. A. Maddux, Columbus, president of the Ohio Moving Picture Exhibitors Association, opposing the bill said the trouble lies with the state motion picture censor board which, he said, is not functioning properly.

The senate finance committee has decided in favor of raising the salaries of superintendents of state hospitals to \$3500 a year. They now receive from \$2500 to \$3000.

MYSTERY OF GIRL'S WHEREABOUTS SOLVED

Elkhart, Ill., April 6.—The mystery concerning the whereabouts of Miss Anne Stillman, daughter of Mr. and Mrs. James A. Stillman, principals in the latest sensational divorce case, appeared to have been solved today by the admission of Herman G. Keays that Miss Stillman is visiting at the Keays home here. Keays said that Miss Stillman is spending her spring vacation from school visiting with Miss Elizabeth Keays, his daughter.

Keays denied reports that were current yesterday that Miss Stillman had been in seclusion at the country home of Harold F. McCormick, of Chicago, at Island Lake, Wis. He declared Miss Stillman came to Elkhart on March 29, and had been at the Keays home continuously since then.

Miss Stillman and Miss Keays are pupils at the Westover school, Middlebury, Conn. They were together last summer on a tour of Europe.

Newspapermen who sought to interview Miss Stillman were refused permission by Keays who declared that Miss Stillman did not wish to discuss the domestic affairs of her parents.

VENIZELLOS HASTENS TO AID COUNTRY

Paris, April 6.—Ex-Premier Venizelos, formerly Greece's strongest statesman, whose political career came to an abrupt end when Constantine resumed the Greek throne, is reported to be hastening to the monarch's side to help him avert the crisis threatened as a result of the defeat of the Greek army by the Turks. Le Petit Journal learns it is rumored Venizelos is on the way to Athens from Nice to aid the king in rallying the Greek people for a new offensive.

FIND LOADED REVOLVER IN JAIL

Springfield, April 6.—Discovery of a loaded revolver in a cell in the county jail was made by Sheriff David Jones which he said leads him to believe that prisoners there intended to resort to gun play to make their escape.

The discovery comes on the heels of the baring Tuesday of a whole-sale attempt at jail delivery. Bars on one of the windows had been sawed in two. Sheriff Jones today strengthened his guard at the jail.

RESUME POSTAL SERVICE

Washington, April 6.—Postal service was today resumed between Great Britain and Russia, in accordance with the recent trade agreement between these two nations, the state department was advised. Telegrams are sent at the sender's risk.

SOCIAL

A Page of Interest to Women

HOME

Ohio Federation of Women's Clubs

By Mrs. George Elliott McCormick.

Mansfield Meet Big Success—Mansfield, a city that boasts of many avenues of fine homes and the home city of the late John Sherman, entertained the annual district convention delegates and visitors April 1 and 2 in regal style. Mansfield club women left nothing undone for the comfort and pleasure of their guests from all parts of the Middle North district. The program from beginning to end was crammed with good and delightful things. There was the president's message voicing her hope of what club women may do in the coming year and outlining the forward steps taken during the last twelve months there were really five brilliant talks by state federation chairmen, whose vision of their work made a profound impression, and a reception-banquet that set a high mark in the social calendar of the Ohio Federation of Women's Clubs. The five state chairmen were Mrs. J. B. Loughry, Elyria, home economics; Mrs. J. L. Selby, Greenville, loan scholarship; Miss Genevieve Cline, Cleveland, legislation; Dr. Josephine Pierce, Lima, child welfare and Mrs. Paul Frank, Crestline, thrift. Convention features included a parliamentary drill conducted by Mrs. C. S. Selover, Cleveland, state parliamentarian; community singing led by R. A. Chubb, Mansfield; a playlet "Dear Little Wife," presented by Mrs. J. C. Wilson, Mrs. James Wallace and Mrs. Charles Jeliff, all of Mansfield. Dr. H. W. Kellogg, superintendent of the Mansfield reformatory, spoke in the place of John J. Sullivan of Cleveland, who was unable to attend. Dr. Kellogg made a strong plea for places of recreation for boys in every town.

The next spring gathering of the Middle North district will be held at Willard, one of the "live wire" club cities in the district.

Many club women attending the Mansfield convention had an unex-

pected treat that was no part of the federation program. Saturday evening, following the close of the convention program, Mme. Amelita Calli-Curci, world renowned coloratura soprano, appeared in concert at the opera house under the auspices of the Mansfield Shrin, club scores of club women remaining for the event.

More Official Calls—Official calls have been issued for the Central and Middle West conferences which are to be held April 28-29 and May 10-11 at Co-shocton and Sidney, respectively. The Coshocton conference will be held at the Presbyterian church the opening session being scheduled for 1:30 p. m. April 28, followed in the evening by a musical program by members of the music clubs in the district and a reception for Mrs. William H. Sharp, Columbus, state federation president, state officers, delegates and visitors. The next day's session will open at 9:15 a. m. and in the afternoon the out-of-town guests will be motored to the various industries of more than passing interest. The Coshocton federation has been anxious to entertain for a long time, Mrs. R. U. Hastings, Lancaster, the district vice president, announces and adds Let every club sing as many guests as possible and try to make up for lost time.

Clubs not sending delegates to the Middle West conference at Sidney are expected to forward written reports, which will be read at the convention. The convention will open at the First Methodist church at 1:30 p. m. May 10. At 6 p. m. that day a banquet will be held and a reception will follow for the state president and other officers. The session May 11 will open at 9:15 a. m. with a luncheon at 12 o'clock. Delegates and visitors will be entertained in private homes. Mrs. Allen Marshall, Piqua is vice president of this district.

THEY CALL THIS THE "SHIRTWAIST" HAT

This attractive "shirtwaist" hat of brown straw is distinctive because of its shape. The trimming is confined to small embroidered motifs applied on the crown and a simple arrangement of fringe ribbon. It is a brown straw which will look smart with brown silk sweaters and brown checked suits so popular just now.

RECIPES FOR A DAY
Coffee Cake—One and one-half cups of bread sponge, made with yeast, one-half cup sugar, one egg, one tablespoon shortening, one-half cup raisins, one teaspoon salt and enough flour to make a batter as stiff as you can stir. Let rise, stir down with a spoon and put in greased pan, let rise again. Mix two tablespoons of milk and two of sugar and spread over the top. Sift cinnamon over this and bake in a slow oven thirty-five or forty minutes.
Veal Pie with Potatoes—Cook a veal shank until tender, then add potatoes cut in small pieces, and cook until well done. Take meat off of bone and with potatoes put in baking dish. Thicken broth slightly and pour over meat and potatoes. Make biscuits and put over top. Bake in moderate oven thirty minutes.
Fruit Salad—Use any kind of fruit you may have and marshall lows and nuts make a salad. One large apple, one orange, one banana and a few nut meats is a good combination. Mix this with a sweet mayonnaise or top it with whipped cream.

Personally I know of no method of killing the superfluous hairs, except by the electric needle. Even then some hairs come back and the treatment has to be repeated. This is the method I recommend for people who can take these treatments. For those who can't, the best thing is to pull out the hairs with tweezers.
Depilatories are very useful for keeping the armpits clear or for taking hair from the legs when thin silk stockings are worn. Their action is to remove the hair to the surface of the skin. When the powder begins to act on the skin itself the result is not dead hairs but an irritated painful skin. In any case, hair removed by depilatories will come back, and then more powder must be used. In the case of the legs and the armpits this does not matter. When it's a question of hair on the face or even on the arms it becomes more important.
There are all sorts of good depilatory powders. Anyone recommended by a good store can be trusted.
Marion H.—If you drink about ten

cups of coffee a day you will ruin your health and your nervous system. The longer you continue to drink so much coffee the more you will encourage this craving for its stimulation. Try to break the habit gradually, first taking the coffee weaker, then cutting it down one cup a day, until you drink only a few cups early in the morning. When you have the desire to drink coffee try taking a cup of hot water instead. The heat of the water is stimulating and I think would help break the habit.
Of course you can never have a good complexion while you are in poor health. However, your cold water rinse after washing is an excellent way of keeping the skin firm grained.

WIDOW GETS \$100,000

New York, April 5.—Surrogate Foley directed the Guaranty Trust Co., temporary administrator of the estate of the late Theodore P. Shonts, traction magnate to pay his widow the \$100,000 claim which she had against the estate under an agreement of separation.

WITH THE WOMEN OF TODAY

Miss Helen Varick Boswell is the first woman to be appointed a member of the lunacy commission of New York state. She was recently appointed by Supreme Court Justice Gavegan, New York.

Miss Boswell is a law school graduate although she does not practice. She is very active in civic organizations and politics.

Miss Boswell will be the layman of the commission.

The law requires that such a body consist of an attorney, a physician and a layman. George Mittendorfer, an attorney and Dr. Constantine J. MacGuire, both of New York are the other members of the commission.

Miss Boswell is a graduate of the Washington College of Laws. She is assistant chairman of the Republican county committee, president of the Women's Forum, a member of the Women's National Club and of the Society for Political Study.

The application for the appointment of a commission was made by Thomas Williams nephew of Miss Laura Williams, seventy-eight. Her nephew says she is living in poverty and squalor although she has \$17,000 in savings banks. Dr. Clarence P. Obendorf, mental specialist, in an affidavit says Miss Williams is incompetent.

SCULPTRESS FAMED AS JOURNALIST

Clare Sheridan of England is not only a sculptress of renown but has been the most talked of inter-

SIDNEY WOMAN GETS LARGEST CATCH OF FISH

The St. Petersburg, (Florida), Times of March 26, says the following:

Fishing near the Whistling buoy eight anglers aboard the Auxiliary sloop Planneur, Friday, brought in a catch of several hundred pounds of kingfish and groupers. The largest fish was caught by Mrs. C. F. Hickok of Sidney, O. It weighed 15 1-2 pounds. Those on board were Mr. and Mrs. C. F. Hickok, Sidney, Ohio, Mr. and Mrs. T. H. Fisher, Mr. and Mrs. George McClintox and John J. Purinton, East Liverpool, Ohio, and Wm. H. Clayton, Sidney, Ohio. Captain A. S. Woodward commanded.

JUST HATS

Three-cornered hats are the vogue with director suits. Some of them are very, very large—and some of them are very, very small. Above is an attractive small tri-cornic of soft straw. From its edges hangs a bit of tulle as veiling. Black lace would be even more attractive.

TWO SENTENCED TO DEATH

Des Moines, Ia., April 6.—Orle L. Cross and Eugene C. Weeks were sentenced to death by Judge Herbert Auterbach of the Polk County district court for the murder of George D. Fosdick, a grocer they attempted to hold up and rob several weeks ago.

CONTRACTORS BREAK STRIKE

Denver, Colo., April 6.—Building contractors began employing non-union workmen, following cessation of building operations since March 31, due to the action of the unions in refusing to accept a wage reduction of 10 to 12 per cent. Two thousand building trades workers are affected.

Aneumatism Can Be Treated At Home

No change of climate is necessary in treating rheumatism with Mrs. Summers' popular home method, Chronicle. Sufferers from rheumatism, lumbago and neuralgia pains report speedy relief from these tortures after trying Chronicle, which aids nature in cleansing and toning up the system. Ask your druggist, or send for FREE TRIAL of Mrs. Summers' Chronicle, with useful information, by addressing The Summers Medical Co., Box R, South Bend, Ind.

Miss Helen Varick Boswell.

national journalistic writer of the past year. Miss Sheridan has lectured in many cities since her arrival in the United States early this year.

LITTLE FIGURES OF BIG MEN

Ivies McCarthy has sculptured figurines of Harry Lauder, John Burroughs, the naturalist, and Curuso in this country. In England Mrs. McCarthy made figurines of Clara Butt, opera singer; Lady Astor, H. G. Wells and Lord Northcliffe. The likenesses have been enthusiastically commended by artists here and in London.

AT EIGHTY-FOUR IS FUR TRAPPER

Mrs. Isaac Tripp, an eighty-four-year-old woman whose home is near Cloud Bay, Ontario, makes a business of fur trapping. Recently while making the daily round of her traps she perceived a big timber wolf and brought it down with one shot from her rifle.

WOMAN RECOGNIZED BY ENGINEERS

Miss Esther M. Jack, a young woman of Williston, N. D., who has made a success in the engineering profession, was given the honor of presiding over the recent annual convention of the North Dakota Society of Engineers at Bismarck.

"We always keep a jar on hand. It is the best thing I know for eczema and similar ills, and it is so gentle and soothing it is excellent for cuts, burns, or sores. We use Resinol Soap also—it's ideal for the complexion and bath. Yes, you can get all the Resinol products from your druggist."

ORPHIUM TO-NIGHT

"THE MAD MARRIAGE"

In 5 reels with CAEMEL MYERS. He was an attractive young artist, while she was only a sock darning. They marry and he escapes the wild women and she—well you'll never guess it—you must see it—it's human and surprising. Don't miss it.

THE TEST OF PROPAGANDA.

A distinctly wholesome effect is felt from the stand taken by the President on St. Patrick's Day with regard to the Boston parade. Expressing full sympathy with the spirit of the day, which in Boston has a definite association with American as well as Irish history, he upheld the action of the local military authorities in refusing participation in the parade, and explained:

"The naval and military forces of the nation can have no part in any demonstration which may be construed as influencing the foreign relations of the republic."

This is an excellent test to apply to a great deal of public activity now conducted in this country by citizens and visitors who doubtless mean well but who fail to appreciate the delicate nature of the relations with which they are meddling. It is all right to solicit sympathy or relief for any foreign race or nation. It is not right, and not permissible, in the course of such work, to seek to bind our government to any foreign cause or to coerce or hinder it in its dealing with foreign problems.

Leaders engaged in American propaganda in behalf of this or that foreign nation have a habit of referring to American precedents in a way that overlooks or distorts the historic truth. The real precedent in such mistaken propaganda as this country has been subjected to lately is that set by George Washington with respect to "Citizen Genet." It will be recalled that Genet came to America as minister of the French republic, representing a country with which the United States was not only friendly but to which it was closely bound by ties of gratitude for great services. Yet, because Genet tried to arouse the American people to side with France against England, in a way calculated to bring this country again into war with England, President Washington openly rebuked Genet and his American friends and had him recalled. The application is obvious.

HOUSE-RAISING BEES.

A news item from Waxahachie, Tex., tells of an interesting co-operative movement on the part of members of the local building trades. Building has been slack there, as in many other localities, in spite of the need for more homes. Workmen have had little to do and few paying jobs. They have therefore united for the purpose of helping each other to build homes of their own.

By their arrangement any carpenter or other builder who can purchase a home site and the necessary materials can have the work of erection done without any labor cost. He simply announces to his fellow-workers that he is ready to have his house built and they proceed to help him build it.

This reminds one of the raising-bees of pioneer days in this country, when house or barn was built in a day or two by a horde of friendly neighbors while the local musicians furnished lively tunes and a noble meal was set forth by the women whose men-folk were doing the building.

The Waxahachie dispatch reports that several good houses have already been completed. The only difficulty which appears at first glance is that in many communities there would be such a big demand for houses that a system of drawing lots would have to be instituted to keep every prospective home owner satisfied. Yet it is an eminently sensible and friendly thing to do in a period of slack employment. It not only gets houses built—a most desirable achievement in itself—but it keeps otherwise idle workers from mischief or excessive worry, and it renews the spirit of neighborliness which has been growing somewhat feeble from lack of use.

SEEKING A LOST CROWN.

The once-upon-a-time Emperor Charles of Austria-Hungary went back to Vienna seeking his lost crown. Vienna, still hungry and indifferent to monarchs and courts, was uninterested. His quest took him to Budapest; but there was no welcome, no presentation of the keys of the city. Instead, unsympathetic officials of the Hungarian Government told him that the best thing for him was to go, and stay not upon the order of his going.

Even the acknowledged and open monarchists were lukewarm. Yet Austria-Hungary, of all the countries that have been bereft of their monarchs, might be expected to take most kindly to a move for restoration. While the Royalist party is in control of Hungary, the appearance of that monarch was not a signal for an uprising. Old Austria failed to back his coming. There seems very little left for Charles to do except get back to Switzerland as best he can.

There is nothing so very masterly or royal in an ex-monarch waiting at a little frontier village for permission to leave a country where he had been expecting to be welcomed to a throne.

BORING THE ALPS.

A second Simplon tunnel through the Alps between Switzerland and Italy will be completed in July. It was begun before the war, but the mobilization of the workmen halted progress until recently. As soon as the new passage is made available traffic will be diverted through it, the old tunnel will be repaired and both will be in use next year.

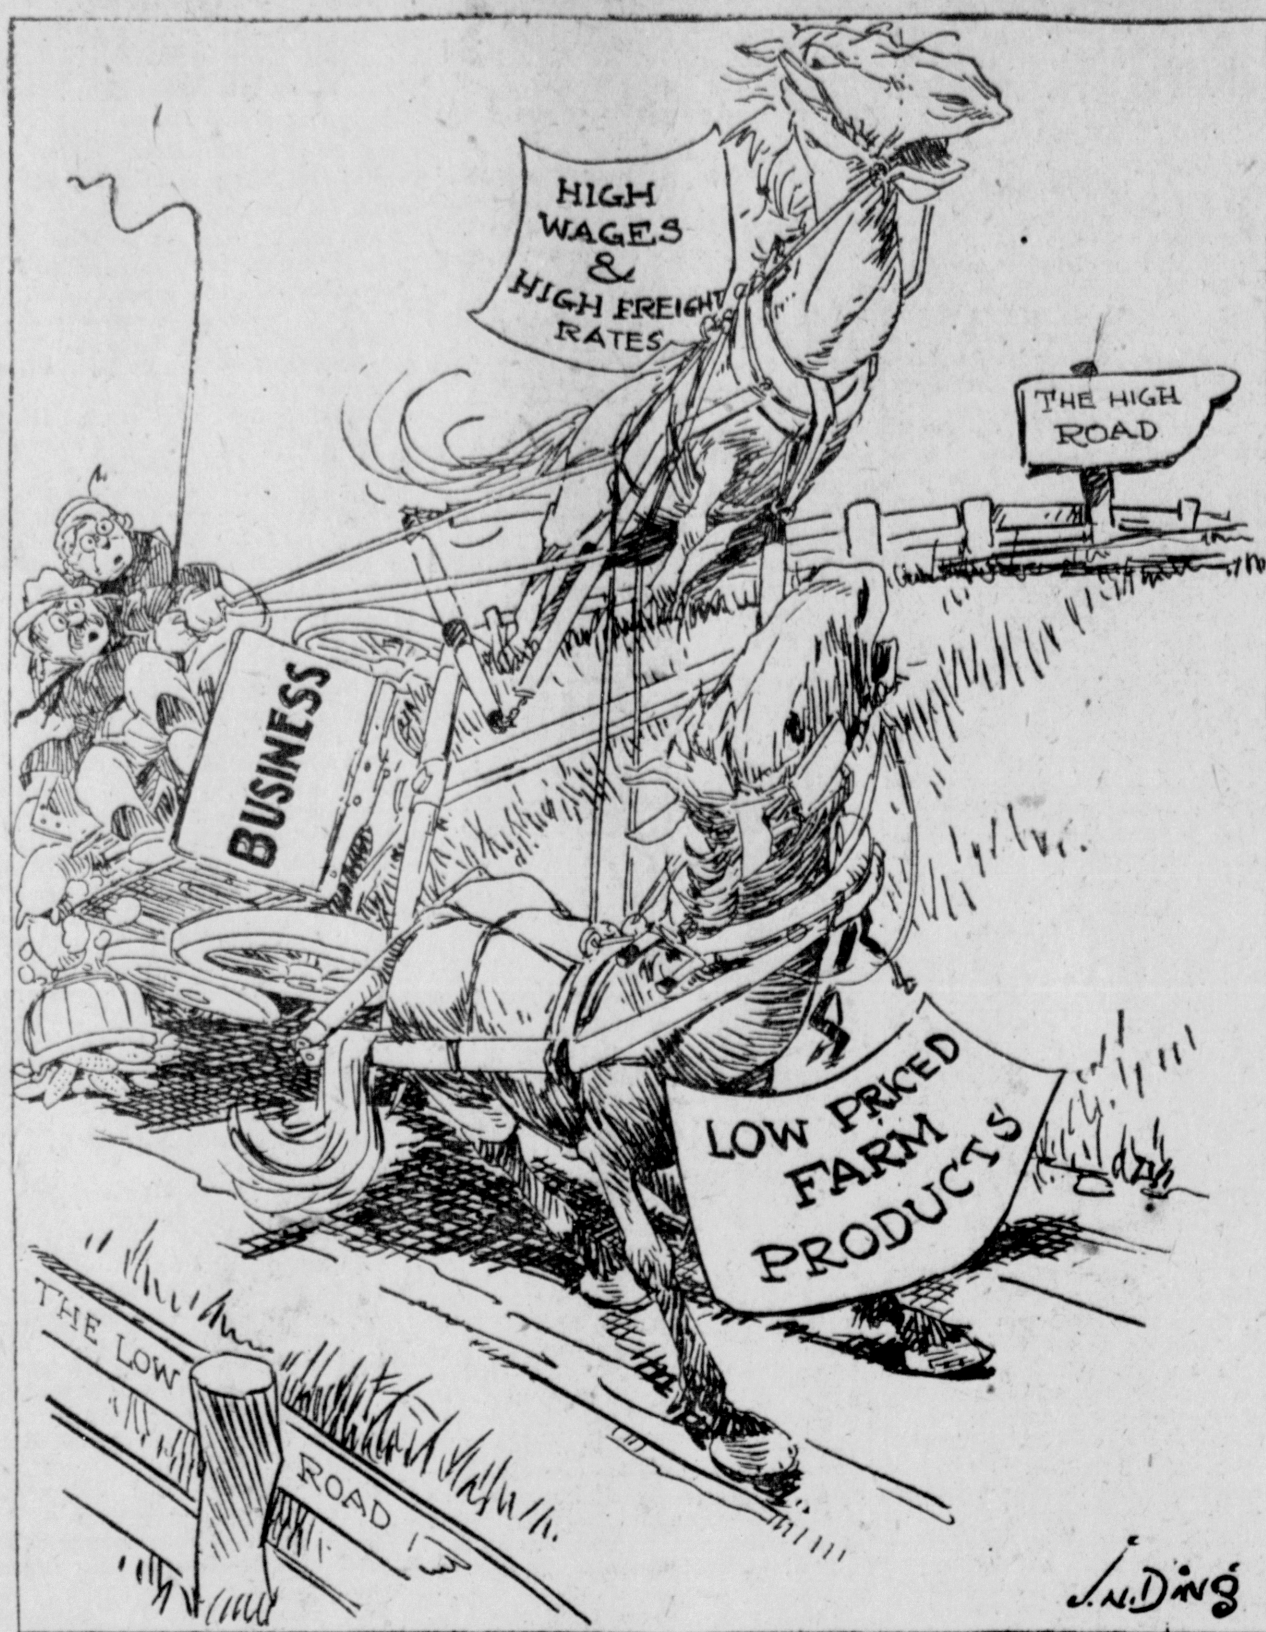

When the Romans of old put most of the known world under the yoke of Caesar the Alps were reckoned among the most formidable of their enemies.

Where travelers of old toiled and panted among the crags, cheering themselves with the hope of a vista at last of the sunny plains below, the modern passenger whirled along in a car lighted by electricity and supplied with every creature comfort, querulous as to the temperature of an omelet or a draught along the corridor. Switzerland itself is called "the playground of Europe," and the mountains are regarded not as hideous and forbidding, but as holding the promise of healing and comfort, of hope and peace. The Alps bored the ancients, but we moderns bore the Alps.

A ruling in Kansas City prohibits the use of the siren on any but police, fire or ambulance vehicles, but nothing is said about "vamps."

"Pop" Geers, veteran driver of horses has a hobby of sitting behind the wheel of an automobile, but as yet we have not heard of him driving one in a race.

YOU CAN'T TRAVEL WITH ONE WHEEL ON THE HIGH ROAD AND ONE ON THE LOW ROAD.

1901--Twenty Years Ago--1921

Mrs. Millen Davidson who has been the guest of relatives in this city for several weeks leaves tonight for Buffalo and will be accompanied by Mrs. E. S. Davidson. They will spend a few days at the Pan American exposition and from that point Mrs. Millen Davidson will go to her home in New York.

Contractor Shover who is in charge of the sewer work in this city says that with good weather he expects to complete the mains and sewer beds in time for Fourth of July. The work of placing the mains on Home avenue is now about completed. The workmen were handicapped to some extent by striking quicksand and for a stretch of 500 feet they had to contend with it.

This is the first day of the tournament given by the Xenia Gun Club the shoot taking place at Lucas Grove and a large number of local marksmen and some from other points are in attendance. The shoot will extend over three days.

The Little Miami Traction company was last night granted a franchise through Yellow Springs the road extending over Xenia avenue and Dayton street.

Hugh McFadden has been employed as a barber at Zell's for a year past today took charge of the barber shop at the Florence Hotel. George Wallen-haup who has been the proprietor of the shop has purchased a shop in Dayton.

Chance Is Small Factor With Success Says Former Xenian

A recent issue of the Saturday Evening Post, carried as its cover design, the picture of a country lad, idly dreaming as he gazed at the fading view of a swiftly moving train.

Some such as this must have been enacted by a little lad in overalls, on a farm near North Lewisburg, many years ago, for it was the watching of the trains and the desire to be come a great railroad man, that led Ancil F. Haines from the plow-handles to the direction of the company operating the largest fleet of steam ships on the Pacific.

Vice-President and General Manager Ancil F. Haines of the Pacific Steamship Company, of Seattle, Washington, is the man who rose to fame through a determination to make dreams that were born of watching the trains, come true. The story of his humble beginning, and his present success is told in the April issue of the American Magazine. But what is particularly interesting to Xenians is that Mr. Haines' brother S. R. Haines, is a Xenia citizen.

In his little meat store at 13 High street, where S. R. Haines sells fresh and smoke meats, milk, ice cream and pop, he has a copy of the magazine which has pleased to honor his brother, and he loves to recount stories of just what sort of a brother, the now successful shipping man, is.

The Haines family hails from near North Lewisburg. His father dying when he was only three years of age, Ancil F. Haines, left the little farm where he had been living and went to live with an uncle, Chase Osborne, at North Lewisburg. His long climb to success, and first of all the dream he had dreamed of position as a railroad executive, began when he took up shorthand learning the method without aid of teachers. Thus equipped he was able to work in railroad offices, where he managed to gain an intimate knowledge of railroad work. Possessed of a desire to go west, he finally landed in Seattle, and after a connection with different railway concerns, finally became affiliated with a company, where he operated some shipping, that also gained a knowledge of this commercial branch. The story of his rise to his present high executive position by dint of hard work, is an interesting one.

"To me, success does not mean wealth," he says. "Wealth often goes hand in hand with it—but that is incidental. Success is accomplishment—constructive production, productive construction put in which way you will. It comes from creating something, whether an ocean liner

or a book, or a business, or an improved kind of mouse trap. It adds to the general happiness or comfort or understanding. In this kind of accomplishment, chance is a small factor."

NUGGETS OF KNOWLEDGE

From the Greek come the feminine names, Eudora, meaning "a good gift," Phyllis, "a green bough," and Theodosia, "given by God."

In 1731 Benjamin Franklin established the first circulating library in America at Philadelphia.

California has the popular name of the "Golden State," while Colorado is known as the "Centennial State."

By the term "corona" is meant the small colored circles frequently seen around the sun or moon.

MOTORAIDS

The professional driver often adopts the method of starting his car when the motor is cold, with the switch off. The average driver floods his carburetor or pulls out the choke switch and presses the starter button ineffectually five or six times. Then he opens his bonnet, perhaps floods his carburetor again and, at last, gets an explosion.

It is obvious that the idea of flooding the carburetor is to obtain a temporary enriched mixture, but the value of the flooding is lost if it is done when the cylinders and induction pipe are full of fuel, any petrol vapor left in this overnight having long since evaporated.

If the engine is turned over a few times with the switch off, the air is expelled and a thin mixture of air and petrol is inhaled in its place. Flooding then gives a temporary rich mixture in the cylinders and the engine will start at the first trial.

Everyday Etiquette

"How long should a formal call last and should the caller remove her wraps?" asked Alice.

"Formal calls last from fifteen to twenty minutes and one should not remove her wraps as a general rule," replied her Aunt.

Is It Yours?

This is the Birthday of RAPHAEL April 6, 1483.

Many critics of the Old Masters say that the Renaissance culminated in the great Italian painter, Raphael. His full name was Raphael Sanzio and he was born in the city of Urbino in northern Italy. He was the son of a well-known painter and owed his early education and his well-developed taste for art to his father. At that time Urbino was one of the centers of intellectual and artistic activity and Raphael was brought up in the court of the Duke of that district.

His life falls into three distinct periods. When he was 11 he lost his father. His mother had died some years before. The orphaned boy was apprenticed to the great painter Perugino and his first paintings naturally showed the master's influence.

The second period began when he was about 22 years old. He went to Florence and fell in with the greatest Masters of that great period of art, with Michelangelo, Leonardo da Vinci, Donatello and others. Much of his best work was done during this period. A few years later he went to Rome where his old friends and other painters, whose names make that period famous, were settled. Although so young a man he was spoken of even then as one of the greatest of that great group.

He died when he was only 37 years old. During the 18 years he painted, he turned out a surprising amount of marvelous work. He lived magnificently in Rome with his pupils and was the friend of artists, kings and even of the great Pope, Leo X. He was betrothed to a beautiful young woman when he died.

CASH DIVIDEND PASSED

New York, April 6.—The Kelly-Springfield Tire Co., passed its regular quarterly cash dividend of \$1 a share on common stock but declared the usual stock dividend of 3 per cent.

Ladies Keep Your Skin Clear, Sweet, Healthy With Cuticura Soap and Cuticura Talcum

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects. All the benefits of nasty, sickening, gripping cathartics are derived from Dr. Edwards' Olive Tablets without gripping, pain or any disagreeable effects. Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowels and liver complaint, with the attendant bad breath.

Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 15c and 30c.

Rippling Rhymes

Walt Mason

TALKSMITHS.
My neighbor, Hiram Henry Hicks, is fond of talking politics; that is a theme that makes me sore, so Hiram Henry seems a bore. But I'm the sort of sap-head wight who always strives to be polite, so I pretend that H. H. Hicks, with all his talk of politics, is holding me entranced, spell-bound; I do not yawn or rubber 'round, but hang upon his throbbing words as though they well might charm the birds. But when H. Henry Hicks runs dry, and I would talk of books or pie, or any topic I adore, he looks upon me as a bore; he interrupts and yawns and sighs, and hot tears gather in his eyes, and then he reaches for his hat, his parasol, brass knucks and gat, and hastens from my humble shack—he cannot bear to hear me clack. And Hiram Hicks is short of friends; the people shun him as he wends along the main street of our town; he as a bore has wide renown. But when I trip along the street I'm smiled upon by all I meet. This moral, then, these facts afford: You must be willing to be bored if you would bore the other toff, and talk his blooming whiskers off.

CLUB SINKS FUNDS IN WATERY GRAVE OF MIAMI RIVER

Sinking money in the Little Miami river is like buying building lots in Lake Erie.

Girls of the Ohio Wesleyan Glee Club, who gave a concert in Cedarville last Friday under the auspices of the M. E. Church, are voting unanimously on this subject, according to the latest polls. They are acting on personal experience.

Saturday following the concert, Cedarville College boys were busier than firemen during a four-alarm fire, showing the girls the beauties of Cedarville, Clifton and vicinity. It was while gazing into the mirror-like depths of the Little Miami to see if her complexion was on straight, that one of the girls, she being no other than the treasurer for the Club, let her purse slip into the limpid waters of the river.

The purse contained \$70 in cash and a check for \$35, representing the entire funds of the Club. The boys who accompanied them aided in a search, but at the point where the purse fell the water is deep and the current is swift, and it is believed the money was carried down stream. The Club proceeded Saturday to Springfield, where it was scheduled for a concert Saturday evening.

WEST TEXAS WANTS TAKE PRECAUTIONS TO GUARD MONEY

Austin, Tex. April 6.—Alongside the new state of Manhattan, being clamored for in New York, may be set up the state of West Texas.

All of West Texas is up in arms over the action of Governor Pat M.

Neff in vetoing the bill establishing an agricultural and mechanical college at some point in the western part of the state.

The newly aroused anger has awakened the slumbering sentiment of dividing the state.

The constitution by which Texas became a state provides for the eventual division of the state into five states without congressional action. Persons of west Texas claim that they are taxed without representation and that the legislature always has been in ignorance of the vast resources of the west.

NOLTING GOES TO PHILIPPINES

Washington, April 6.—William T. Nolting of California was appointed today by President Harding as auditor for the Philippine islands.

Stiff? Sore?

A lame back, a sore muscle or a stiff joint often is considered too lightly by the sufferer. It should be remembered that backache, rheumatic pains, stiffness, soreness, yellow skin and puffiness under the eyes are symptoms of kidney and bladder trouble—and these certainly should not be neglected.

Foley Kidney Pills

help the kidneys eliminate from the system the poisonous waste and acids that cause these aches and pains. They act promptly and effectively to restore weak, overworked or diseased kidneys and bladder to healthy, normal condition.

J. E. Simmons, 400 E. 5th St., Portland, Ore., writes: "I was troubled with backache and urinary trouble. I tried Foley Kidney Pills and will say I highly recommend them to any one troubled in that way, as they are excellent."

Sayre & Hemphill.

JUST AS YOU NEED IT. PRICE DROPS ON YOUR FAVORITE REMEDY, DRECO

Right at the time everyone wants to take a good medicine to clear out the blood and build up the system. Dreco goes back to "before the war price."

Right when it is most needed is the time that your old favorite remedy Dreco drops back to "before the war" price. Thousands take a good blood purifier and system cleanser at this season of the year who never take medicine at any other time. There fore this announcement will be hailed with delight as Dreco is now economical enough for every member of the family to take a full treatment.

Dreco is the medicine of which Mr. Howard Alken, a prosperous farmer, said "My stomach has been in such bad condition. I couldn't bear to smell food cooking. My liver was lazy allowing excess bile to go through the system instead of throwing it off,

which made my head swim and I felt like I was going to fall. My bowels were clogged up and I had to be continually taking something to move them."

"I have taken two bottles of Dreco, and there is a great change in my condition. I don't avoid the kitchen and I am always hungry and enjoy every mouthful I eat and nothing seems to hurt me. My bowels move regular as clock work; I have no more dizzy spells and am better in every way."

Dreco has proven an ideal tonic for elderly persons also weak, storky people and children. It builds them up, creates a healthy appetite; induces sound, refreshing sleep; keeps the bowels moving, the kidneys active and clears the bile from the liver. Dreco is pleasant to take and the action is prompt, pleasant and efficient. Dreco is being specially introduced at Sohn's Drug Store in Xenia, and sold by all druggists.

The Magic Touch Of Paint

Paint will work wonders at this season when so many things need a touch of new life.

If your spring improvements are to include repainted or refinished woodwork—waxed, polished, stained, grained or painted floors—the furnishing of furniture—the painting of buggies, autos, wagons, barns, fences, roofs, implements—the enameling of stoves or bathtubs or anything else which requires paint or paint accessories—come to us.

New Public Utilities Commission of Ohio And How It Fixes Utility Service Rates

GEO. T. POOR (CHAIRMAN)

ELISHA A. TINKER

CHAS. C. MARSHALL

Columbus, O.—How does your Public Utilities Commission set about fixing the rate which you shall pay for public utility services?

To most Ohioans this commission is a rather vague and mysterious body which they know sits in Columbus, but about whose methods and activities they know very little, if anything.

The commission as at present constituted is made up of Mr. George T. Poor, of Cincinnati, chairman; Mr. Elisha A. Tinker, of Chillicothe, and Mr. Charles C. Marshall, of Sidney.

Ohio's utilities commission has been in existence for ten years. It has important powers over the rates, service, practices and financing of utilities, but comparatively few citizens of the state know the exact extent of these powers and how they are applied by the commission.

It should be borne in mind that all municipalities of the state have what is known as "home rule" in so far as the fixing of rates for gas, electric light, power, water and steam heating services are concerned. Rates of companies supplying these services may be fixed by ordinance of council if the company accepts the ordinance, a valid contract is created and there is nothing for the commission to do. If, however, the terms of the ordinance are such as the company cannot accept, then the commission may be called upon through appeal proceedings to establish what would be a just and reasonable figure.

"Watered Stock" Impossible. When such an appeal comes before the commission the rate is fixed only after a physical valuation of the company's property has been made by expert engineers, and then the price established is set at a figure just high enough to meet the cost of producing the service and yield a reasonable return upon the actual investment in the property.

No attention whatever is paid by the commission in fixing rates to the amount of stock or bonds or other securities issued by a utility company, hence the cry for rates being based upon "watered stock" is but a bogey, as "watered stock" in utility companies is an impossibility.

Moreover, ever since the establishment of the commission, all securities issued by public utility companies must be approved by the commission before their issuance and they are only permitted to be sold after the commission is satisfied that the money is to be wisely

prudently and economically invested in the property.

Right Of Appeal
In making the valuation, utility companies are not given the advantage of abnormally high prices because it is and has been the practice of the commission to strike an average on the cost of material over a period of seven years.

Another factor that prevents any injustice being done by reason of the commission's acts is that both the public and the utility companies always have the right of appeal to the supreme court if either feels that there is necessity for a review of the case by the highest judicial body in the state.

The state laws under which the commission operates specifically exempt street car companies from having their rates fixed by the commission. Rates of telephone companies are established in the first instance by the commission because these companies generally are engaged in inter-city business with numerous rural lines and subscribers so that it would not appear proper to give individual city and village councils the right to fix the rates to be charged for telephone service.

Serves In Other Ways.
Besides its rate-making powers, the commission serves the people in many other manners. For example, there is a service complaint department where scores of complaints are adjusted and misunderstandings ironed out each day. There is the railroad department, which, during coal shortages, has kept many Ohio cities and villages from freezing, has given protection to people at hundreds of dangerous railroad crossings in the state, has secured freight cars when wheat was spoiling for lack of them, has had its inspectors ride hundreds of miles with carloads of binder twine so that Ohio farmers might harvest their wheat.

SOME RECENT EVENTS AS SEEN BY BUSHNELL

LIST OF MISSING GREATLY REDUCED BY ACTIVE WORK

Major General H. L. Rogers, Quartermaster General of the Army, has announced that the men of the Cemetery Division who are searching every square foot of the battlefields in France have found 178 new bodies of American soldiers, of whom 132 are positively identified. There are 46 bodies not capable of being identified but of these there are seven which will have possibilities of identification. Of all the bodies thus located, 50 were found in the vicinity of the cemetery at Romagne, and were buried there in the beautiful plot which will be a permanent American memorial.

This materially reduces the list of missing, and as soon as possible the names of those bodies that were identified will be sent to the relatives of the soldier dead. Recently 23 bodies were inspected by a medical officer on their arrival from overseas at Hoboken, N. J., in order to check up as to the care taken in preparing them for the last journey. In every case the dead were found to be treated with all possible professional skill and care. A United States Senator, who came to view the remains of the son of one of his constituents also observed the condition of many other bodies and was profoundly impressed with the reverent care taken of all.

Massachusetts sent a special commission to France to view the activities of the Graves Registration Service, and an excerpt from its report has been made public by the Quartermaster Corps, as follows:

"Our inquiry and investigation appear to justify the claims of the department that every effort has been made to do the business part accurately, and after that to bestow the honors due to the heroic dead. The Commission, standing with devoted American officers and civilians in charge of the work, and in the presence of a thousand receptacles of the dust that was the living wall against which the Hun raged in vain, expressed their admiration of the devoted work of the department, and their perfect satisfaction with it."

Louis J. Cohen, representative of the Jewish Welfare Board in France for the purpose of checking and

photographing the graves of the Jewish soldier dead in the American Army, has written a letter in which he says:

"I feel that the American public has every reason to be proud of the excellent care bestowed upon the resting place of their dead. Whether an isolated grave, occupying a part of a communal or military cemetery, or a national American cemetery, the most prominently symbolic with the flag that flies over them. It has also been my privilege to meet a great number of relatives of our dead, in the cemeteries visited by me at that time. Their expression on seeing the continual care in which the cemetery is kept, must be gratifying to those entrusted with that care."

COMMANDER PAYS VISIT TO COLUMBUS FOR NEW SUPPLIES

Washington C. H., April 5.—For the purpose of bringing about the speedy equipment of his company, Captain Henry Smith, accompanied by First Lieutenant Edward L. Williams and Sergeant Burnett W. Hyer, went to Columbus Friday, where he had a personal interview with Adjutant General Florence and his staff.

Assurance was given Captain Smith that M. Company, Ohio National Guard, will be fully equipped at the earliest possible moment.

The Adjutant General complimented the officers on the rapid organization of the company and the progress which they had made towards a finished military unit.

The Adjutant General also expressed the belief that the legislation before the General Assembly in which provision is made for N. 1 for his men with which to care it stands and that it will not be "cut."

Plans are going forward for the erection of the armory in this city, it was stated by the officials. One of the things that Captain Smith asked for was a set of lockers for his men with which to care their equipment until the armory is erected. These were promised on condition that the men do the work of installation.

TRACTION WAGES LOWERED

Indianapolis, Ind., April 6.—Wage reductions amounting to 17 1/2 to 20 per cent for trainmen and from 15 to 20 per cent for linemen trackmen, shopmen and power house men have gone into effect on the Indianapolis and Cincinnati traction lines, it was learned. The reductions according to C. L. Henry, President of the company amounts to about half the increase made since 1918. Approximately 150 men are affected by the reduction.

OLD MORGAN RAIDER DIES

Owensboro, Ky., April 6.—W. N. Bumps, Confederate veteran, who rode with Morgan in the war between the states, was found dead in his bed here. The local post of Confederate Veterans has his name He was 77 years old.

DO YOU CATCH COLD EASILY?

HOW TO AVOID IT

Colds are due to germs. No one can prevent the germs from getting into your nose and throat. But you can help keep plenty of strong, vigorous, "antibodies" in your blood to fight and kill off the nasty "cold germs" before they do you any harm.

To develop these germ destroying "antibodies" properly you must have plenty of pure rich, red blood and a strong, vigorous constitution—in fact, this is the best preventive against almost any disease.

If you are weak, nervous or run-down, or subject to colds, take no chances. One day you may develop serious throat, bronchial or lung trouble or perhaps pneumonia and you may go off like a shot. Therefore commence to enrich your blood and fortify yourself against "disease germs" today.

To build more and better blood and make stronger nerves, there is nothing superior to NUXATED IRON, as it contains organic iron like the iron in your blood combined with a product representing the principal chemical constituent of active living nerve force for feeding the nerves. Nuxated Iron may therefore be said to be both a blood and a nerve food. It often increases the bodily and mental vigor, strength and endurance in two weeks' time.

Over 4,000,000 people are using it annually. It has been highly endorsed by former United States Senators, U. S. Army Generals, many physicians and prominent men. Even the Pope at Rome mentions it favorably in a communication to the Proprietor of the Pharmacy Normale of Paris.

Satisfaction guaranteed or the manufacturers will refund your money. Beware of substitutes. Look for the word "NUXATED" on every package and the letters N. I. on every tablet. Sold all druggists.

NUXATED IRON

Helps make rich, red blood and give new strength and energy

Artistic Interior Decoration

Make the home more cheerful and inviting.

Call and inspect our new Spring Line of Wall Papers.

SCREEN PAINT

made right will add years to the usefulness of your screens. It will not clog the mesh. Will return its lustre. Is free from tack and will not wear any other. Paint them now and be ready before "Fly Time."

FOY'S Topaz Stains

reproduce perfectly the better grades of wood on old furniture, floors and interior wood work; are durable and hard drying, with beautiful lustre. Made in 12 colors. Ask for color card.

FOY'S House Paints

protect your house against rot and decay besides increasing its value. Foy's Paints cost less because they go farther—take fewer gallons and last longer. Insist upon FOY'S and be assured of durability, covering capacity and rich, beautiful colors.

BERGDOLL MUST NOT BE MOLESTED WAS CONDITION

Berlin, April 5.—The Baden government's order releasing Carl Neuf and Franz Zimmer, the American detectives who were imprisoned for having attempted to arrest Grover C. Bergdoll, the American draft evader and his chauffeur, Eugene Stecher, on German soil, contained this phrase:

"The release is made upon the supposition that the young woman shot in the hand will be compensated by the Americans and that Bergdoll and Stecher will remain in unoccupied German territory and under no circumstances be molested."

The insertion of the above clause was made against the advice of the Central government in Berlin it was learned officially today. It was even believed the Baden government had decided not to make that stipulation it was said in official quarters here, and the announcement of the release order caused some surprise.

Washington, April 5.—An unofficial suggestion has been made, to the United States Government, it was learned today, that an indemnity should be paid to the German girl who was shot in the hand at the time Carl Neuf and Franz Zimmer attempted to kidnap Grover Cleveland Bergdoll, American draft dodger, at Eberbach, aden.

The suggestion was made by German officials it was said and 100,000 marks, about \$1,500 at the present rate of exchange mentioned as the proper sum. The matter is under consideration by the State Department.

Recent advices from Germany are to the effect that the girl will lose her hand. War Department officials are said to be disposed to view the indemnity suggestion favorably.

Chairman Kahn, of the House Committee on Military Affairs announced today that his resolution for investigation of the escape of Bergdoll would be introduced on the opening day of the extra session regardless of efforts by the American Government to have him sent back here to serve his term in prison.

HARDING URGES IMMEDIATE AID TO WAR VETERANS

Washington, April 5.—The American people want to prove the public's gratitude to those who served in the world war, President Harding declared today in a letter addressed to the committee headed by Charles G. Dawes of Chicago which he has appointed to investigate the measures for relief of disabled service men.

The president advised the committee which is holding its first meeting here today, not to investigate the intent of the laws providing relief, declaring that it is well understood that the laws intend to "deal justly and generously" with the veterans but he urged the committee to inquire thoroughly into the "failures to care for these men" and "abuses" which may have arisen.

THREE MORE CARS OF GRAIN SHIPPED

With the shipping of three more cars of corn as part of Greene county's share of the quota for European and Near East Relief Monday, the drive has now practically ended.

Monday a car of corn was shipped from Xenia, one from Jamestown and one from Cedarville. It is thought that another car will be shipped from Alpha, probably Wednesday, and this will complete the consignment from Greene County for Ohio's share of 500,000 bushels of corn. Railroads donated the freight service on the corn to the sea board.

MINERS' HEAD TO BE TRIED

Pittsburgh, Kan., April 5.—Settlement of a strike at the mines of the Patton Coal and Mining Company, in progress since March 22, was announced. Alexander Howat and five other officers of the Kansas Miners' Union are to be tried Wednesday before Judge A. J. Currant, in District Court here, for alleged contempt of Court in calling the strike in violation of an injunction.

SITUATION GRAVE

London, April 5.—The present industrial crisis is as grave as any crisis during the war and might easily develop into a national convulsion, Lord Curzon, foreign minister, said in the house of commons this afternoon.

MILLIONAIRE BUYS CATALINA; WILL MAKE IT GREAT SPORTING CENTER

Avalon, Catalina Island, Cal.—If fortune had been very kind to you and you had wads and wads of money, and stocks and bonds, and blocks and tracts of valuable real estate scattered here and there, and you had, in fact, pretty much of everything that gold will buy to make you happy would you yearn for something else?

William Wrigley, Jr., the Chicago multi-millionaire and sportsman, was just such a darling of fortune. Yet he wanted something more.

It was an island in the Pacific Ocean. Not a little toy affair with a few houses, a boat landing, a few trees, and containing some scattered acres; on the contrary, a small empire, in itself, being twenty-five miles long, nine miles wide and containing 54,000 acres of some of the most picturesque mountainous scenery in the world.

Mr. Wrigley talked about his island of wonders, or rather Santa Catalina Island, to use its full name in much the same matter of fact way that a proud suburbanite would tell of a new home he had but recently purchased.

"About two years ago I found that I could obtain Catalina Island at an advantageous price," Mr. Wrigley said. "I was interested in a banking deal which involved buying the property at what seemed to be a reasonable figure. I took the owners up on their offer and a few millions of dollars changed hands. I didn't get to inspect my property for six weeks but I knew that I had bought a pig in a poke. I was delighted with my 'buy' and have been more and more pleased every day I am here to enjoy it."

STEADY INCREASE IN KILLINGS IN IRELAND SHOWN IN REPORT

Lodon, April 5.—Startling figures of outrages attributed to the Sinn Fein during the year ending March 31 were given by Denis Henry, attorney general for Ireland, in the house of commons in reply to a question.

The figures showed a steady increase of killings and woundings of police and military forces, quarter by quarter.

In the last quarter of the year there were 2246 outrages. Eighty-eight policemen were killed and 156 wounded, while 44 soldiers were killed and 84 wounded. The total outrages of the whole year numbered 10,894.

The police loss in killed totaled 243 and the wounded 3810. The soldiers killed numbered 90 and the wounded 202.

JAZZ REVUE WILL APPEAR IN XENIA

Mamie Smith, and her All-Star Revue, will appear at the Opera House April 20, according to arrangements with the Standard Amusement Company.

Never since the form of music known as jazz first hit the country has a more remarkable exponent of this popular style of song been introduced to the public than Mamie Smith, the colored singer, formerly well-known in concert and musical comedy.

Mamie Smith signed a contract with a New York phonograph company last July to make records for their concern and she avowed to find herself famous. Her records of "Mamie Smith and her Jazz Hounds" in popular numbers, have been popular in Xenia for some time. Although offered opportunities to tour France and England, she elected to stay in this country under contract with the Standard Amusement Company of New York. Her program on this concert tour includes such popular numbers as "Crazy Blues," "It's Right Here For You" and "Lovin' Sam from Alabama."

CYCLONE WRECKS TEXAS HOUSES

Wharton, Tex., April 5.—A cyclone which struck here shortly after 5 o'clock this morning wrecked 10 houses and damaged more than 30 others, causing loss in this town that will reach about \$50,000, according to first estimates.

It is feared much damage was done in the surrounding rural districts, but on account of telegraph and telephone wires being down no information could be obtained.

So far as is known only two persons were injured.

BILL AS PROPOSED WOULD ABOLISH OHIO AG. BOARD

According to authoritative advices present state board of agriculture may be the last with administrative duties.

R. D. Williamson of this city is one of the members of the board. The reorganization bill, as amended in senate committee, provides for an advisory board of ten members, appointed by the governor for five year terms.

Governor Davis has indicated, it is said that he expects to make no changes in the present membership of the board until the reorganization bill becomes effective, provided it becomes a law.

The new advisory board proposed is to work with the management of the Wooster Experiment station, the proposed director of agriculture and the agriculturist of the state board of administration. Under the proposed law the board of control at Wooster station is to be abolished and the institution placed under control of the trustees of the Ohio State University and director of Agriculture.

Members of the board are Charles H. Allen, Washington C. H.; H. C. Price, Newark; S. T. Nash, Cleveland; I. S. Myers, Akron; G. E. Warner, Wellston; Dr. R. Acklin, Toledo; N. E. Shaw, the secretary of agriculture, William Stroup.

Members of the board are Charles H. Allen, Washington C. H.; H. C. Price, Newark; S. T. Nash, Cleveland; I. S. Myers, Akron; G. E. Warner, Wellston; Dr. R. Acklin, Toledo; N. E. Shaw, the secretary of agriculture, William Stroup.

LEGAL NOTICE

To minor and to person having custody or control of, or with whom the same may be. Gen'l Code, Sec. 1648.

The State of Ohio, Greene County, ss: To J. E. Watts chief probation officer of said county, Greeting:

You are hereby directed to cite Dorothy and Ethel Bryant, minors and Grace and Lewis Bryant, the persons having custody or control of the same, to appear with said minors before the Judge of the Juvenile Court of said County, at the court house in Xenia, O., on the 21st day of April 1921 at 9 o'clock a. m. and to abide the order of the Judge. The affidavits filed in said court sets forth that said minors appear to be neglected children in this that they have not proper parental care or guardianship and whose environment is such as to warrant the state is assuming guardianship.

The persons so cited failing to appear may be punished as in other cases for contempt of court.

You may make due return of this citation on the 21st day of April 1921, at said court at Xenia, Ohio, this 6th day of April 1921.

J. CARL MARSHALL, Judge of said Juvenile Court.

By S. C. Wright deputy clerk.

PENNANT WINNERS LIEKLY TO BE DARK HORSES IS BELIEF

New York, April 6.—A pair of dark horses and an outside chance to grab one of the pennants.

This is the baseball situation in St. Louis where the fans are so used to disappointments they have long since ceased to make predictions.

With the baseball season due to crack open a week from today it is timely to record that the Browns and Cardinals are very much in the dark horse class—teams that seem destined to command wholesome respect from the best clubs in both leagues.

Of the two, the chances of the Browns look a trifle the best though they will have to face stiffer opposition in New York and Cleveland than any national league club could give them.

Lee Rohl's team is in great condition. Fohl has a club with great batting power. It led the American league in 1920 with a team average of .308. Its hitting this season promises to be just as strong as ever. What the Browns must show is better pitching and snappier fielding.

The Cardinal line up is uncertain even at this late date because Milton Stock has refused to report. Manager Riekey is also undecided about his outfield.

Like the Browns the Cardinals should show great batting power and should Stock come to time Riekey could soon solve his infield problem.

VICTORY ON POINTS ACCORDED GRIFFITHS SENT IN MAILS

Canton, O., April 6.—Johnny Griffiths, veteran welterweight of Akron, scored a victory on points here last night over Al Doty of Canton in 12 rounds. Griffiths had Doty goggy in third round, but he could not put across the final punch. Johnny Strike Akron middle-weight won the semi-final over Tommy Britton of Columbus by a knock out in the third round.

TO DEFEND TITLE

New York, April 6.—Strangler Lewis, heavyweight wrestling champion, will defend his title here the latter part of April against Stanislaus Zibyszko. It was announced today. The match will be a benefit affair for Irish relief.

ALMOST CHOKED TO DEATH

From Goitre—Read This Wellston Woman's Experience With External Home Treatment.

Note: It would be illegal to publish these statements if they were not true.

Mrs. Carrie Barnhouse, 421 West C street, Wellston, Ohio, writes in her own home paper, The Wellston Sentinel: "I feel inclined to tell you what Sorbol Quadruple has done for me. I had an inward goitre for over 20 years. At times I thought I would surely choke to death. I was told it was one of those poisonous kind, and that nothing could be done. The night before I commenced using Sorbol Quadruple I sat up in bed and fanned all night to get my breath. In three days my choking and smothering spells were all gone, and to my great surprise my goitre began to disappear. In less than two weeks I had no sign of a goitre. Today it is gone and my neck is as though I never had had one. Will gladly tell my experience by words or letter."

Sorbol Quadruple comes in small bottles containing enough for most cases. It will not stain or irritate. Does not interfere with regular work. Leaves the parts in a healthy, normal condition. Requires ten minutes daily.

Get further information at Sayre & Hemphill's Drug Store, and drug stores everywhere, or write Sorbol Company, Mechanicsburg, Ohio, adv.

CLEVELAND BOXER GIVEN DECISION

Columbus O., April 6.—Winning nine rounds and breaking even in the other three of a 12 round bout here Johnny Karr, Cleveland middle-weight boxer, defeated Anthony Downey, local fighter. Karr landed 10 times to every one placed by Downey. Most of Karr's hits were to the head. Although Downey's face was badly beaten, Karr got off with a sprained ankle in the final round, the accident occurring when he twisted his leg in a clinch. Karr weighed 152 pounds and Downey 149 1-2.

PREDICT SUCCESS FOR AMERICAN TEAM

New York, April 6.—Devotees of golf are today predicting brilliant success for the American team which will invade England next month in search of the British amateur championship.

The announcement that Francis Ouimet has changed his mind about business affairs and will accompany the team, it is pointed out, means that Uncle Sam will send

FEWER FAILURES IN XENIA SCHOOLS THIS YEAR IS WORD

That there will be less failures in Xenia schools this year than formerly is in direct contrast to the reports from many cities that failures or "flunkings" among students, is on the increase.

Yet this is the statement of Superintendent of Schools C. A. Waltz, who says that while as usual there are a few students who are failing in their studies, and some giving up school because of that account, that the percentage of failures will be much less than last year or former years.

At Washington C. H. school officials say there will be more failures in the High School this year than ever before. Recent grade cards, it is said, show that a number that will "flunk" this year will set a new high record, and school authorities when asked for the reason, say it is because "high school work is being placed secondary to social pleasure."

Considering that social life is to blame for the majority of these failures, the lack of failures this year in the local schools may be laid at the door of a lessening in social activities this year. Under the new system, or dividing the school into morning and afternoon classes, necessitated by the lack of space in Central High School, there is little opportunity for the usual social activity, and it is the belief of Superintendent Waltz, that social affairs have been on the decline during the entire school year. Under the plan in operation here, half of the students go to school in the morning and the other half in the afternoon.

CITY AND COUNTY SCHOOLS TO OBSERVE ARBOR DAY FRIDAY

Appropriate exercises celebrating Arbor Day, will be held Friday in both the city and county schools.

Each school in the city will have its own exercises according to Superintendent of Schools C. A. Waltz. These exercises will take form in the planting of trees, in the school yards, and instruction in talks on the meaning and purpose of the day, by teachers and other speakers. There will be no joint celebration in which all the schools will join, each school taking care of its own exercises among the students.

Exercises appropriate to the day will mark the celebration of Arbor Day, in each of the schools through out Greene County according to County Superintendent H. S. Aultman. The day will be generally observed throughout the county by the planting of trees and shrubbery in the school yards, and the planting of a general idea of helpfulness toward mankind as exemplified in the story of Johnny Appleseed.

The exercises will take place in the afternoon, Friday.

BRINGING UP FATHER

THE CHEERFUL CHERUB

In spring the wind lifts up my mind To blue and bird-filled heights I feel so gay the first warm day I fly my thoughts like kites.

ARE WE GETTING ANYWHERE?

The Revolt of Vera Sanderson

By JANE PHELPS.

A LITTLE CHILD OFTEN HELPS TO HAPPINESS

The next morning after Keith had left I said to Annie—I said it before Margaret purposely—I said it before "Annie, when you commence your rooms I want you to finish them before you leave to do anything else." I had spoken to her before breakfast learned that I had been right in my surmise of the night before and thanked her, so I knew she would understand.

"Yes, ma'am." "I called Annie, and as I am the mistress of this house and hire the servants, she will come when I call her or she can find another place!" Margaret said in a venomous voice, as Annie left the room.

"Keith had told me many times he paid half the servants' wages. And I can't see, Margaret, why you insist I have no right to use them, am not entitled to their services."

"If you are to have the use of servants to do work that is only what you should do for your health, Keith will have to hire more help. As I have told you, the children need a maid. I can't attend to them and also to my social duties. I am surprised that you think for a moment that Keith would allow anything to interfere with what I wish to do."

"Very well, I will tell him that you say he must hire another servant or else I his wife must take the part of one. I shall see that his friends understand the situation."

I left the room before she could reply.

"Keith!" I moaned when I reached my own room. "If he only would understand!" I knew perfectly well that I should not tell him what I had threatened to that probably Margaret would repeat it with embellishments. I must keep my mouth shut if I were to live in that house!

As I look back I see that I minimized my life. That I exaggerated all that was unpleasant. I wanted to have a home of my own so dreadfully—if only two or three rooms that I failed to see the comfort and luxury of the one my husband provided for me. Margaret's two little girls, Irene and Gloria, were perfect dears. Irene was nearly 10 years old. Gloria 8. They were so pretty, so perfectly dressed, that I loved to take them out with me. Their manners, too, were very nice for such small children. This was one thing I did to which Margaret never objected. I am sure she felt safe when the children were with me. Often I would go with them when they took their riding lessons. They looked so cute on their little ponies. They both loved me, Gloria especially, who sometimes cried when I refused to go out with them instead of the maids. Once Margaret said:

"If Aunt Vera doesn't love you enough to give up some foolish engagement to go out with you, you mustn't tease her."

I made no reply, simply looked straight at Margaret, the disgust I felt showing in my face. Indeed, I made no effort to hide it. Margaret had the grace to blush, then stammered: "You mustn't tease Aunt Vera."

"She does love me! Don't you?" Gloria turned to me.

"Indeed I do, Gloria, and your mother knows it. She also knows that I take great care of you and Irene when I take you out. Hereafter I shall not feel like taking you so often."

I knew when I made the unpleasant speech that it would hurt Margaret; that she loved to have me with the children. It was one thing in which Keith would be powerless—even he would not compel me to play nurse girl unless I wished. So with her face flaming, Margaret said:

"You know I didn't mean that, Vera. You are very nice to the children. But I am nervous today and I hate to hear Gloria cry."

I think she thought I would give up my engagement—it was for tea with one of the girls I knew—but I said no more, simply kissed Gloria and left the house.

But I determined to have my sister visit me. I was homesick for someone belonging to me, someone to whom I could unbuckle myself. I never had spoken to a living soul of Margaret's treatment of me, of the influence she had over Keith. But I knew Sallie would understand. Yet how was I going to manage her visit? Like a flash came the thought:

That afternoon when Margaret and I were alone for a moment I said: "Margaret, I have written for my sister to come and visit me. She will be crazy over the children. She loves them almost more than I do." Tomorrow—Madcap Sallie is Invited to Visit.

Many School Children are Sickly

MOTHER GRAY'S SWEET POWDERS FOR CHILDREN

Used by Mothers for over 30 years

Are pleasant to take and a certain relief. They tend to break up a cold in 24 hours, act on the Stomach, Liver and Bowels and tend to correct intestinal disorders and destroy worms. 10,000 testimonials like the following from mothers and friends of children telling of relief. Originals are on file in our offices:

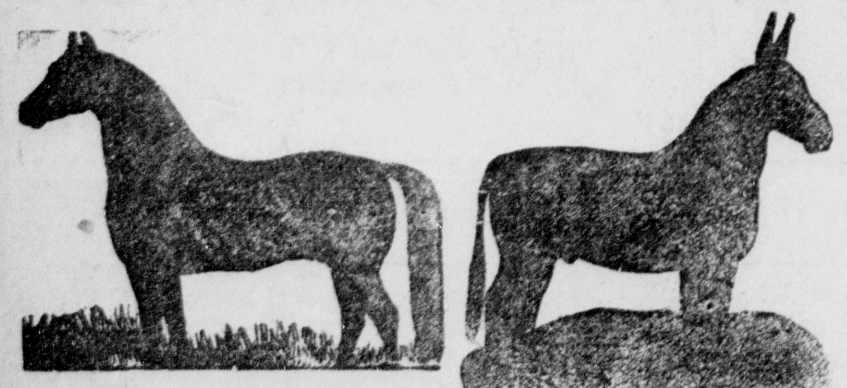

"I think MOTHER GRAY'S SWEET POWDERS FOR CHILDREN are grand. They were recommended to my sister by a doctor. I am giving them to my little three year old girl who was very puffy and she is picking up wonderfully."

"We have used MOTHER GRAY'S SWEET POWDERS FOR CHILDREN at different times for over nine years and always found them a perfect children's medicine and very satisfactory in every case."

Get a package from your druggist for use when needed. Do Not Accept Any Substitute for MOTHER GRAY'S SWEET POWDERS.

New Hair Growth After BALDNESS

On legal affidavit, John Hart Brittain, business man, certified to this: "My head at the top and back was absolutely bald. An expert said that he thought the hair roots were extinct, and there was no hope of my ever having a new hair growth."

"Yet now, at an age over 60, I have a luxuriant growth of soft, strong, lustrous hair! No trace of baldness. The pictures shown here are from my photographs."

INDIANS' SECRET OF HAIR GROWTH

Mr. Brittain certified further: "At a time when I had become discouraged at trying to grow my hair again, I came across, in my travels, a Cherokee Indian 'medicine man' who had an ointment that he asserted would grow my hair. Although I had but little faith I gave it a trial. To my amazement a light fuzz soon appeared. It developed, day by day, into a healthy growth, and are long my hair was as profuse as in my youthful days."

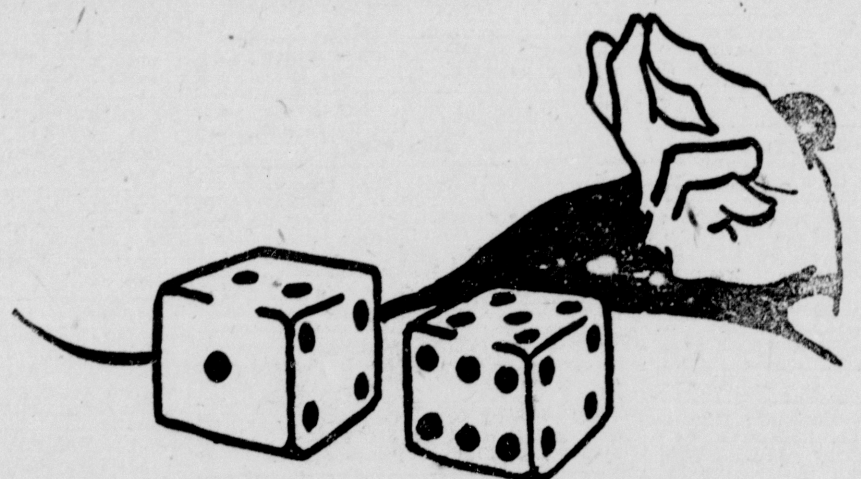

True Hair Grower at Last

"That I was astonished and happy in expressing my state of mind. Obviously, the hair roots had not been dead, but were dormant in the scalp, awaiting the fertilizing potency of the then mysterious pomade. I negotiated for and came into possession of the principle for preparing this, now called KOTALKO, and later had the recipe put into practical form by a chemist. That my own hair growth was permanent has been amply proved."

It has been proved in very many cases that hair roots did not die even when the hair fell out through dandruff, fever, alopecia areata, or certain other hair or scalp disorders.

PROOF BOX KOTALKO contains GENUINE BEAR OIL and other potent ingredients. No alcohol, no shampoo; but a compound of wonderful efficiency. Safe and harmless, even for a child's scalp and hair. Positively KOTALKO is one of the most reliable hair preparations that succeeds upon genuine merit. Buy a box of KOTALKO at the drug store. Or ask for KOTALKO at the toilet goods or drug counter of any large department store. Remember the name. Accept nothing else as "just as good." Money back GUARANTEED. Or if you send 10 cents (silver or stamps) to pay part of mailing and adv. cost only, you will receive a PROOF BOX of KOTALKO with BROCHURE, postpaid. We shall also be pleased to send you a big array of voluntary testimonials from men and women who have used KOTALKO, to treat BALDNESS, to STOP HAIR FROM FALLING. Get a box of KOTALKO, apply once or twice daily; watch in your mirror. For PROOF BOX send to KOTALKO OFFICES, BR-46, Station X, NEW YORK.

You can't beat 'em! a Deuce and a Five - or

Columbus Gasoline

Here's a gasoline that is always right—a high-test, straight-run fuel that gives you smooth car performance winter or summer, 365 days in the year.

It insures a quick, easy start, a sure and speedy pick-up, power on hills and in heavy going, and money-in-the-bank mileages from every gallon.

The cars that use Columbus? Watch 'em and weep! They're the cars that behave as you wish yours did.
